

## Communication, Language and Literacy

We will be exploring seashores and oceans this half term and will be reading lots of fiction and non-fiction books including The Sandhorse, Commotion in the Ocean, Katie Morag, The Rainbow Fish, The Sea Monster, Shanti the Wandering Dog of Sennen, Bilbo the Lifeguard dog, The Mousehole Cat, Sneakers the Seaside Cat, Lighthouse Keeper's Lunch and other stories.

**SHOW AND TELL TUESDAY**

## Learning is fun in FS2!

## Numeracy

In maths we will be recognising and forming numbers correctly to 20. Counting on and back securely. Practical and recorded addition and subtraction. We will also be solving mathematical problems and challenges. We will continue to learn more about shape, space and measure.

Early Learning Goal: Children count reliably with numbers from one to 20, place them in order and say which number is one more or one less than a given number. Using quantities and objects, they add and subtract two single-digit numbers and count on or back to find the answer. They solve problems, including doubling, halving and sharing. Children use everyday language to talk about size, weight, capacity, position, distance, time and money to compare quantities and objects and to solve problems. They recognise, create and describe patterns. They explore characteristics of everyday objects and shapes

## Seashores and Oceans

Summer Term 3.2

## R.E. and other

occasions -We will be reading Bible stories for children. Eid ul Fitr 4<sup>th</sup> June  
Shavuot 9<sup>th</sup> June The Queen's Birthday 4<sup>th</sup> June  
Father's Day 16<sup>th</sup> June

PSE We will be learning about the dangers of water and finding out about the Royal National Lifeboat Institution.

Being healthy through exercise, the food we eat and hygiene.

Circle Times

Jesse Gray Golden Rules

Assemblies

**BUSY BOOKS** -You are welcome to continue them if you wish. We also love to read your children's favourite books at story times too!

## Ways to help at home

Sharing books/Reading school reading books

Learning letters and key words

Writing full names forming capital and lower case letters correctly

Practising forming letters and numbers

Counting up and down to 10 or 20 and beyond.

Finding 3D shapes in the environment.

Weighing and Measuring

Counting out objects together accurately one by one and adding them together.

## Physical Development

Motor Skills - cutting, sticking and box modelling. Play and salt dough. Clay. Paint mixing, collage, cutting and sticking. Dance, drama, movement and ring games, Dough Disco. Outdoor play REAL PE with Mr Smith each Tuesday morning.

## Understanding the World

We will be learning about seashores and oceans and how we care for them. How to have care and concern for living things and the environment. We will be finding out about our coastlines in the UK and those far away. We will be looking at how places are different. What would we find in the ocean, on the beach? Shells, fish, rock pools, fishing, coral, tides and waves. What would we like to find out? Are mermaids and sea monsters real? Is there a real Rainbow Fish? The life of a lifeboat man and a life guard dog! Floating and sinking.

Early Learning Goal Children know about similarities and differences in relation to places, objects, materials and living things. They talk about the features of their own immediate environment and how environments might vary from one another. They make observations of animals and plants and explain why some things occur, and talk about changes.

## Expressive Arts and Design

We will be box modelling, paint mixing, collage, cutting and sticking. We will have weekly singing and music lessons with Mrs Walton. We will be making boats to explore floating and sinking and testing different materials to see if they are waterproof too. We will be having dance and drama in the hall each week.
