Jeans for Genes

On Friday 20th September we will be fundraising for the charity "Jeans for Genes", by having a non-uniform day: wearing jeans/denim, and making a donation.

So come in denim and join in! This year it is very special – one of the featured young people in the national campaign is none other than our own Becky Bennett [and her sister Jessica in Y8] who both have albinism, and are involved this year on behalf on the Albinism Fellowship.

Find out how our Jeans for Genes Day donation can make a difference to half a million UK children with a life-altering genetic disorder....

Rebecca and Jess's story

Sisters Jess, 11, and Rebecca, 8, have a genetic disorder called oculocutaneous albinism. Their hair is bright white and they have very pale skin, owing to a lack of pigment.

Message from Mrs Hazelden

At the end of this month I will be running the Robin Hood Half Marathon with Jane Jennings and Sue Chivers

Sue's daughter Isobel has recently been diagnosed with a rare life threatening illness called HLH (familial haemophagocytic lymphohistiocytosis). Currently the only known cure is chemo and a bone marrow transplant. We are running the Robin Hood Half Marathon to raise much needed funds for Histio UK who are involved in researching a cure and raising awareness of the illness.

This is an easy decision to make with two healthy children at home, but not so easy to get those miles up!

The link is copied below. Any support is hugely appreciated, whether it's a few pounds for the vital research of Histio UK, or cheering on and throwing jelly babies at (sorry, to) Team Isobel along the route.
