

British Values Statement 2020/21
Jesse Gray Primary School

Jesse Gray Primary School is committed to serving its community and surrounding areas. We recognise the multi-cultural, multi-faith nature of the United Kingdom and take seriously our responsibility to prepare our children for life in modern Britain. We understand that this includes challenging pupils, staff or parents expressing views contrary to fundamental British values .

We actively promote British values through our curriculum planning and delivery, providing real opportunities for exploring these values. We nurture our pupils on their journey through school so that they grow into caring and tolerant individuals who make a positive difference to their community , British society and the wider world. We encourage them to be creative, open minded, independent citizens who respect themselves, others in our school, our local community and beyond.
