***For the tournaments and away fixtures I will select the 10 best performing players based on progress made, ability and behaviour.**

**** For our away fixtures at Windmill Academy I will require help to take and return players to/from the venue. If you are able to help take a group of players and have the relevant insurance, along with an up to date DBS check, please speak to Mr. Ward. Alternatively, if you can take you child to the event that would be helpful, also.**
